

Dear Faithful Supporters,

Greetings in the Name which is above every name! We trust all is well.

This letter is currently being written from the Prophet's Chamber at First Baptist Church in Pasco, WA. I was pastor here from 1996-2004. I have just completed a four day Missions Conference. Every evening I showed a power point presentation of several countries where we have preached the Gospel of Christ. I gave Biblical challenges to interest God's children to consider missions. We registered eight who were willing to pray about surrender for missionary service. How fitting since I am on the eve of leaving for a four month mission trip to the Pacific Islands.

I begin with a 14 hour flight from Vancouver, BC, Canada, to Manila, Philippines. I will preach two weeks of meetings, then Grace will join me for the remainder of the tour. We will do another week in Baguio, Philippines, and then on to Japan for four weeks of meetings among US military churches located outside the installations. (Churches off the bases or forts have greater freedom to preach the full counsel of God than do chaplains working on post.) We will minister a week on Guam and then five weeks on the Big Island of Hawaii. Before returning to the Mainland States, I will have a week on the Island of Pohnpei in Micronesia, Grace will return to the US mainland where she will drive from AZ back to FL.

We beseech your prayers for protection, provision and fruit (production, profit? :-). How we seek to spoil the enemy camp and rescue souls from his captivity (2 Timothy 2:25-26). We also seek restoration and revival among God's people.

We will provide you with a full report upon our return, hopefully before we head to our summer ministry on the island of Trinidad in the Caribbean. We so appreciate all you do in enabling us to fulfill the mission to which God has called us.

God bless each of you,

Evangelist Randy Chovan
