

Dear Faithful Supporters,

We trust you know that we do not take for granted how the Lord uses your prayer and finances to enable us to continue the ministry to which He has called us!

"But my God shall supply all your need according to His riches in glory in Christ Jesus" (Phil. 4:19).

Do you understand that this is not a blanket promise for all believers? On the contrary, it is a promise only to those who give specifically to MISSIONS. May its promise encourage your giving hearts! We sincerely thank you.

Our letter this quarter is designated entirely to our Europe and India report.

EUROPE

We left the States on February 2 and flew to Toulouse, France. My brother, Rick, and his wife, Liz, have never been to Europe so decided to come with us for this first week in France. This was our third time to work with David and Melissa Price in the city of St. Gaudens. This is a VERY Catholic city, and, thus, it is hard to reach souls with the true Gospel of Christ. But the meetings had a profound effect upon unsaved ears. Some left with new understanding, saying, "We must make a decision." Rick and Liz returned to Florida. Grace and I flew on to Hungary.

We had a delightful three weeks in Hungary. We preached in 5 different churches plus a couples retreat at a chalet high in elevation with MUCH snow. We so loved working with American missionaries, David and Jean Potter, as well as several national pastors. All of them were so special. We were blessed to see five souls professing faith in our Lord Jesus!

We then moved on to the London, England, area. We always enjoy David and Devene Elmore. He pastors W. Basingstoke Baptist Church, west of London. We preached the Word and enjoyed some sightseeing.

We are invited back to all of these European churches in 2020 and will

return to Germany then as well.

INDIA

Our next three weeks were spent preaching the saving Gospel of Christ to the second most populous country in the world. Our focus was the State of Andhra Pradesh, in eastern India. The Devil fought us going there and fought us again leaving. Airline flight cancellations, delays, missed connections and the need for a new ticket all sought to discourage and hinder us. But we know why he fought so hard as we were blessed to see SO MANY profess faith in our Saviour! Many Hindus, Catholics and other "religionists" bowing their knees to Jesus Christ as Lord and Redeemer. I preached two times a day every day for three weeks; a couple of days I preached three times. Souls trusted Christ in EVERY service! What a fruitful harvest field! (John 4:35). How we pray for the many pastors we worked with that they will faithfully follow up these new converts and fulfill the whole great commission (Matt. 28: 18-20). I am not interested in statistical pride, numbers, or leaving "babies on the doorstep". Our prayer is that this fruit "remains" (John 15:16). We also learned many of the needs of these faithful pastors. Please pray with us for God's word to be magnified in India.

Pastor Rambabu and his brother, Pastor Shelem, directors of Faith Baptist Ministries, were excellent hosts along with their beloved wives. We were lovingly cared for in lodging, meals and transportation. We have been invited back in 2020. We returned to the USA on March 29, weary but blessed to be used by our God.

May our Lord bless each of you as you pray and give so we can go! April and May will be busy with meetings in FL, TX, AZ, KS, MN and IL. June and July we will return to Peru, S. America. This will be our 7th time there. We know that we can count on your faithful prayers and support.

May our Father continually lead each of us to the center of His will,

Evangelist Randy Chovan and Grace
